

Candidate for Recognition under the Admissions Pathways Agreement between CERTing (Italy) and Engineering Council (UK)

Information required for initiating process of recognition for Chartered Engineer in the UK

This form is intended for Italian certified Advanced Engineers who wish to apply for the title of Chartered Engineer (CEng) in the United Kingdom, awarded by the Engineering Council, under the agreement signed by CERTING and the Engineering Council in January 2026.

This form must be completed, signed and sent to segreteria@certing.it for validation.

CERTING, after validation, will forward the form to international@engc.org.uk.

The Engineering Council will then send it to the chosen PEI, which will take contact with the Italian applicant for any following step.

Candidate Information:

Name	
Contact Information (email, phone)	
Professional Title in Italy	
Certificate Number	
Date of Certification with CERTING	
University	
Full course title	
Qualification type (e.g., first cycle, second cycle)	
Course type (e.g., full-time, part-time)	
Course start date (month and year)	
Course end date (month and year)	
Preferred UK PEI*	
Membership number (if already a member of the above PEI)	

Candidate Signature:

Date:

*A List of UK Professional Engineering Institutions is found here: <https://www.engc.org.uk/about-us/our-partners/professional-engineering-institutions/>

The full portfolio of information that is required is not needed at this stage. The chosen PEI will provide full details of the information that they require. There will be costs associated with assessment, membership and registration via the PEI. The PEI will provide full details.

CERTING confirms that the candidate has not been subject to disciplinary action for misconduct or incompetence and is in good standing.
